I am happy to present the report of Manavlok Social Work College for the academic year 2020-2021. The guidance of the College Development Committee has been invaluable for the smooth running of the college. Especially the caretaker of Manavlok Sanstha, Hon. Mr. Aniket Lohia's guidance is constantly gaining. So the college always prefers to stay in their gratitude. This annual report is intended to provide a written account of the innovative initiatives implemented by the college. One year planning is done at the beginning of the academic year for smooth running of the college and its responsibility is given as the coordinator / head. Therefore, the work is carried out properly throughout the year. The college always strives for holistic development in the students through the curriculum and other programs offered by the university. It provides information on how social issues can be solved through field work. Students are participating in various courses like rural camps, study tours, seminars, special studies, skill labs. For this, college professors work diligently to impart knowledge. The contribution of non-teaching staff is invaluable. From cleanliness to the overall development of the students, the college is always striving. When new entrants come to the college, it seems boring due to regular activities, participation in various activities, seminars, etc., but when students stay in the college for two years, love and affection for each other is formed.
