Training 'Bhan Samajache---Doot Vikasache

Seven days training was organized during 7th June to 13th of June 2017 in Latur. There were 48 students in all. Among them our 23

students were participated in the training. In eight days students acquired knowledge of the subject and practiced the teaching techniques. They understood how to communicate and discuss such a delicate subjects with adolescents.

At the end of the training students were given report dairy and the manual to follow the values and the ethics. All the activates

were supervised and monitored by the mentors of the groups. After every class the students had to give feed back in the form of videos and the photos to their mentors.

To,
The Principal,

Respected Sir / Madam,

You may be familiar with one of the Pune's reputed educational organization – Jnana Prabodhini (J.P.). An associate body of J.P. is Jnana Prabodhini's Institute of Psychology (JPIP) affiliated to Savitribai Phule Pune University, which is involved in conducting fundamental and applied research in educational and social psychology.

Previously JPIP had taken up a major research project on 'Facilitating attitude change in adolescents through sexuality Education and Gender Sensitization' for ICSSR, New Delhi. This project has revealed that systematic training has significantly improved positive attitude towards sexuality and Gender Sensitization with gender compatibility. Based on these results now JPIP is starting new project titled 'Empowering youth mentors for facilitating healthy adjustment in adolescents through sexuality Education and Gender Sensitization'. As the name suggests it's for youths who in turn can reach out to adolescent children. We would appreciate your cooperation to make this project meaningful through your students' participation.

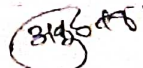

Adolescents entering in youth have to struggle a lot with the psycho-physiological changes is a fact. The project aims at developing a 'Mentor Trainer program' to equip them to bring about a positive, constructive change in the attitude of the youth between 15-17 years of age with respect to sexuality, healthy life style and gender related concepts by providing continuous training.

We request you to consider this appeal and extend your cooperation to give us an opportunity to talk with your students, for appealing them to participate in this mission, We are sure that they will get a truly scientific and in-depth approach that can be passed over to younger generation.

Please let us know your suitable time to have personal discussion.

Anticipating Cooperation.

Sincerely yours,

(Anagha Lavalekar)
Project Director,
JPIP, Pune.

Date: Thursday, 27 July, 2017 at 04:09 pm IST

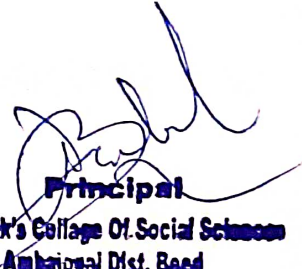

Dear Anaghatai

As per your discussion with Dr Arundhati Patil, 23 students from our college have attended training programme at Latur and have started working in the four high schools located in Ambajogai City and Dongar-Pimpla Village. However school authorities were hesitating to grant permission for the "sexuality education and gender sensitization" workshops at the initial stage. As a part of academic requirement we have included this programme under field based research in the concurrent field work.

Our institution is required a letter from your institution for the enhancement of the programme. It will be beneficial to our academia if we could associate further by making MOU between our both institutions.
With regards

yours

Dr Prakash JAdhav
